ITALIAN INVASION OF KENYA UNLIKELY

Strong Self-Contained S. African Army Arrive

LONDON, JULY 31 (REUTER).—STRONG ITALIAN FORCES ARE OFFICIALLY REPORTED TO BE ASSEMBLED IN THE MOYALE AREA.

Reuters' military correspondent writes, however, that it is very unlikely that the Italians intend to invade Kenya, using Moyale as a base.

Exchange Of Populations

BEST SOLUTION OF DISPUTES

BUCHAREST, July 31 (Reuter).—The Foreign Minister, M. Manolescu, offered the exchange of populations as the best solution of the disputes with Hungary and Bulgaria. In a statement to the Press on the results of his visit to Germany and Italy.

He reiterated Rumania's desire to live in peace and friendship with her neighbours. He referred to the "manifest sympathy" which Hitler and Mussolini had shown to Rumania and said this constitutes the source of all future actions to assure Rumania a peaceful and prosperous life within the political framework now being created in Eastern Europe.

The place is only one of the many frontier posts on the British side. Communications can only be maintained across the difficult country, where supply convoys would be exposed to air attack, and, moreover, the present is a rainy season.

It would seem more probable that the Italians are perturbed by the arrival in Kenya of a large self-contained South African army, which has already entirely altered the strategic situation as it existed when the Moyale was captured.

Early in July, 3,000 Italian native troops attacked a small body of Sudanese and King's African Rifles near Kassala and though the Italians claimed a great success, the actual facts were that Sudanese and Riflemen, with a loss of only five men, accounted for 500 of the enemy with armoured vehicles and camels.

Since then operations were discontinued owing to rain.

FOUR BRITONS RELEASED: MANAGING DIRECTOR OF PETROLEUM FIRM HELD

Distinguished Gathering At Funeral Of Mr. M. J. Cox

THE ARREST IN THE LAST FEW DAYS OF BRITISH SUBJECTS IN JAPAN ON THE PRETEXT OF SUSPECTED ESPIONAGE TOOK A FRESH TURN YESTERDAY when four of the Britons, one of whom was taken into custody in Kobe on Tuesday, were released.

Yet another Briton, MR. T. G. ELY, Managing Director of the Rising Sun Petroleum Company Ltd., Yokohama, was arrested yesterday making a total of nine now in custody for police examination.

EARLY RETURN TO ENGLAND

BRITISH SUBJECTS IN FRANCE

LONDON, July 31 (Reuter).—In the House of Commons, Mr. R. A. Butler, the Foreign Under-Secretary, stated the His Majesty's Government were doing everything possible to arrange for an early return of the British subjects still in unoccupied France, who wished to return to England.

"The Vichy Government are, however, unlikely to respond to a request for the return to this country of the refugees attached to French units," Mr. Butler added.

Lone Raider Drops Bombs On Coast Town

LONDON, July 31 (Reuter).—A lone raider dropped a number of bombs on a north-western coastal town during the night and slight damage was done, but there were no casualties.

One bomb fell on the golf links a few yards from the clubhouse.

SHIPPING ATTACKED

Enemy aircraft attacked shipping off the south-west coast this morning.

Bombs were dropped and the explosions were clearly heard inland. British fighters drove off the raiders.

The men released are: MR. R. T. HOLDER, Chairman of the British Association of Japan (Kobe branch), local Manager of Imperial Chemical Industries; MR. F. M. JONAS, a British resident of long standing in Kobe; MR. E. G. PRICE, of Kobe;

MR. H. M. MACNAUGHTEN, an Osaka businessman and Honorary Consul for Greece. Those still under arrest are: Capt. C. H. N. James, Messrs. E. W. James, F. Drummond, L. I. James, J. F. James, Vange, G. Ringer, D. E. Stratford and T. G. Ely.

FUNERAL OF MR. COX

The funeral of Mr. Melville James Cox, late chief correspondent for Reuter in Japan, who, it was reported, met his death by jumping from the window of the second floor of the Tokyo Gendarmerie Headquarters where he was being examined, took place yesterday, states a Reuter message.

The service was held in St. Andrew's Church and about 200 foreigners, including many Japanese friends, thronged the small building.

The British Ambassador, Sir Robert Craigie, and the American Ambassador, Mr. Joseph

NO RIGHT OF INSPECTION

JAPANESE AND BURMA ROAD

LONDON, July 31, (Reuter).—The recent agreement on the Burma Road did not give the right of inspection to the Japanese authorities in Burma, declared Mr. R. A. Butler, the Foreign Under-Secretary, in answer to a question.

There was no Japanese diplomatic staff in Burma, and the only Japanese Consulate was situated in Rangoon.

Valuable Air Reconnaissance Over Tobruk

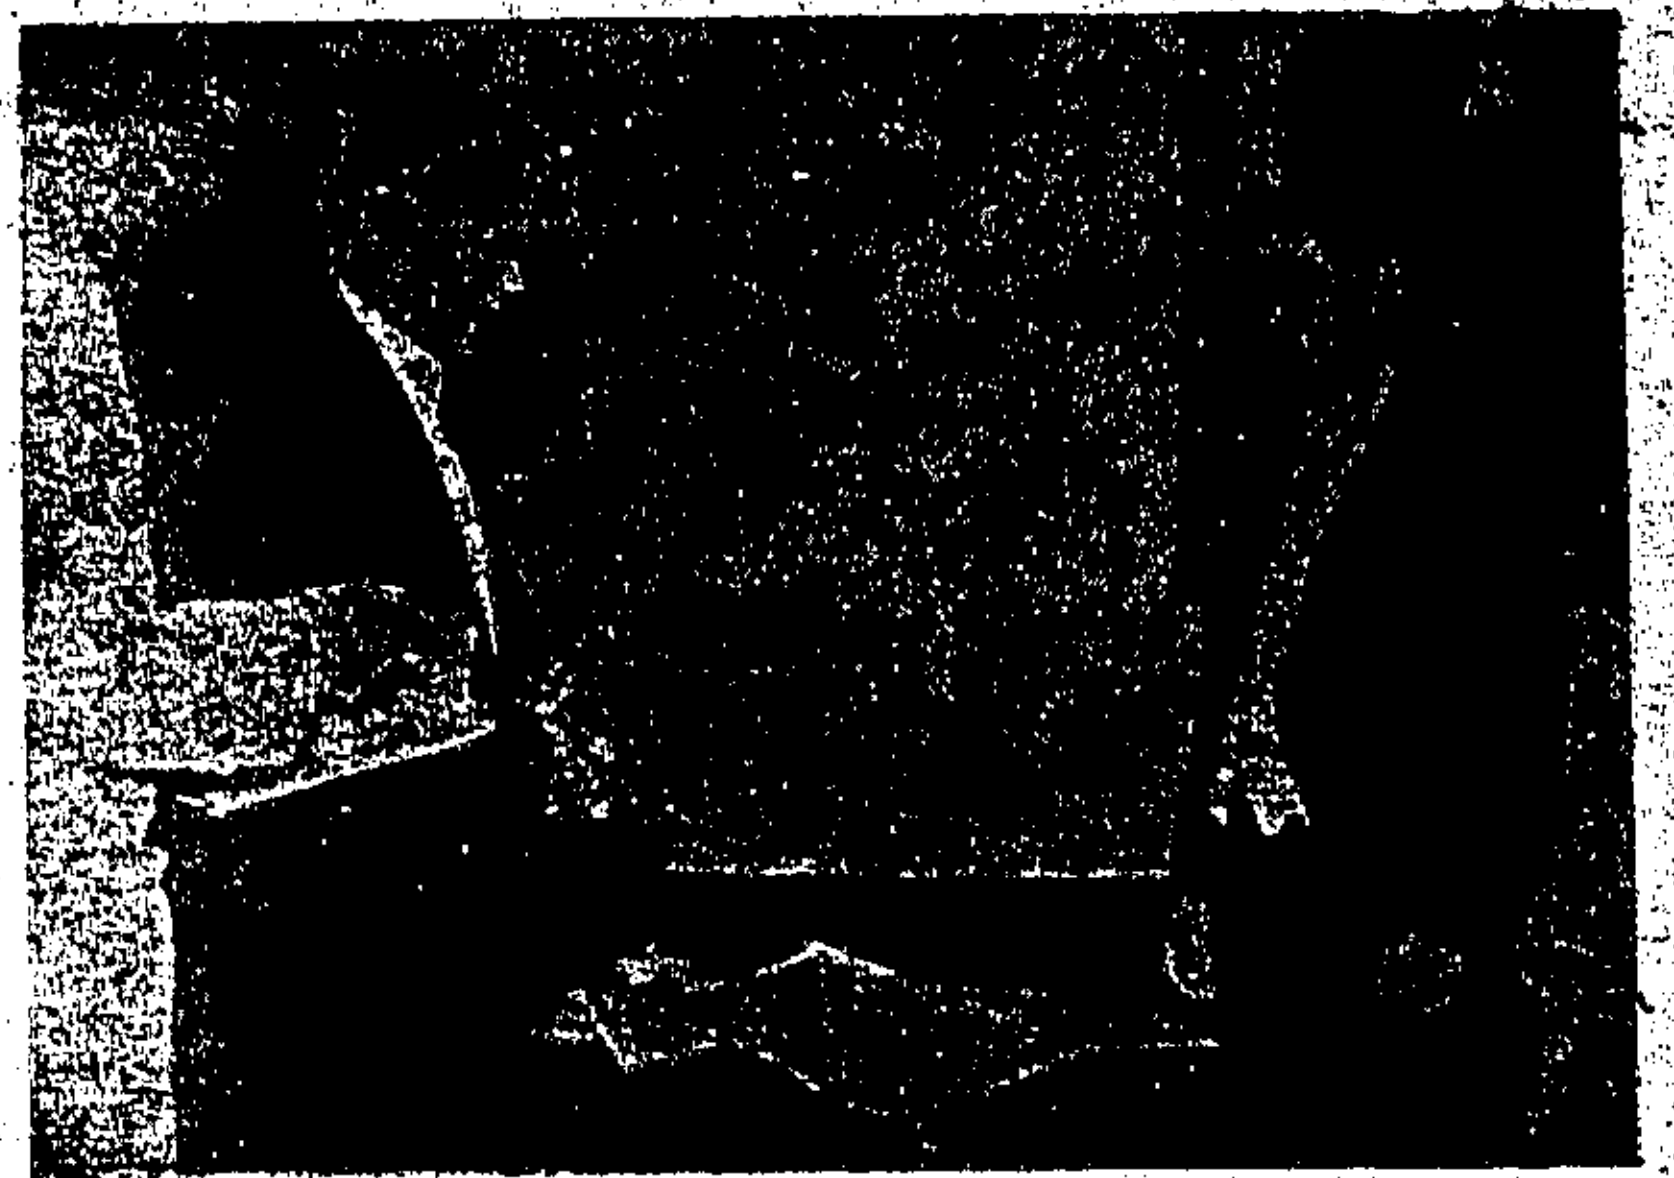

CAIRO, July 31 (Reuter).—A communiqué says that the R.A.F. carried out valuable reconnaissance over Tobruk and Derna.

Eleven enemy aircraft at Derna were observed to be in a not serviceable condition as a result of the raid over that aerodrome.

R.A.F. bombers attacked an ammunition dump and other military objectives in Massawa and, despite heavy A. A. fire, the raid was pressed home successfully.

Enemy fighters intercepted our machines but they all returned safely.

Bombers attacked the Italian naval barracks in Assab and hangars in Macaaca.

Yet another change at the Gaimusho. Mr. Matsushita (right) takes over the Foreign Ministry from Mr. Arita.

UNITY IN PRESERVATION OF INTEGRITY

Mr. Cordell Hull Praises American Nations

HAVANA, JULY 31 (REUTER).—MR. CORDELL HULL, U. S. SECRETARY OF STATE, before leaving Havana, praised the American nations for the decision to unite in order to preserve integrity.

Mr. Hull told pressmen that the American Governments demonstrated to the world their unalterable determination to preserve and strengthen the spirit and system of continental unity and solidarity.

He emphasised very strongly that in no time had any of the American nations the slightest thought of taking advantage of the European situation for the purpose of grabbing territory.

Their uppermost thought had been to protect the peace and safety of the American continent. Mr. Hull, referring to subversive activities, said that the personnel of diplomatic and consular missions have been increased beyond all proportion to the requirements for legitimate functions for such missions.

Speaking of the economic situation in the Western Hemisphere, he said that America is seriously concerned at the accumulation of export surpluses. "In addition, we must envisage the possibility that after the termination of hostilities, important European markets may be controlled by the Government which regards international commerce as an instrument of domination, rather than enabling all nations to exchange

the surplus products to their mutual benefit.

"The resolution on economic co-operation was designed to meet both these situations. The programme of action envisaged by the system of economic co-operation of other American Republics can be prepared to trade with any nation, willing to meet them on a plane of frank and fair dealing. Under this system, the Americas will also be fully equipped to protect themselves against any other kind of trading."

Whole-hearted Co-operation By Merchant Fleet In Conduct Of War: Epic Part Played At Dunkirk

THE EPIC PART PLAYED BY THE MERCHANT NAVY AT DUNKIRK AND ALSO IN THE EVACUATION OF THE BRITISH EXPEDITIONARY FORCE FROM FRANCE, in addition to the whole-hearted co-operation which was being given by the Merchant fleet to the conduct of the war formed the theme of a broadcast talk from Daventry last night by Mr. Ronald H. Cross, Minister of Shipping.

"We now have the greatest Merchant Navy the world has ever seen," said Mr. Cross. "The United Kingdom provides the largest number of ships and men for this service, but the contribution from the Dominions and Colonies are invaluable to the work the Merchant Navy is carrying out."

"When the history of this war is written," continued Mr. Cross, "one thing that will stand out above everything else will be the manner in which hundreds of ships of all types, manned by gallant men, who went out to fetch back our lads from the bomb-ridden beaches of Dunkirk. That was a typical British action and it went a long way towards bringing this struggle to a victorious finish."

STOOD ALONE
Mr. Cross opened his talk by declaring that the British Empire had always been based on its sea-power and shipping and that fact had been brought home to them with added force now that Great Britain stood alone in the defence of freedom. There were no continental countries to join them in their fight, and Britain had now to depend for help and assistance from her possessions overseas and from North and South America.

Britain, therefore, had to rely on her merchant ships to fetch this material assistance. They could no longer obtain the supplies they needed from Scandinavia, the Low Countries, the Baltic and France.

LIFE AND DEATH OF A POLICY

NEW YORK, July 31 (Reuter).—The NEW YORK TIMES in an editorial, "Life and death of a policy," comments upon the "sudden dropping of a fortnight, after the initiation on June 6 of the policy by which the United States navy and army material, including planes and torpedo-boats, were to be traded for new ones and the old shipped to Europe."

"WE STILL TALK of help for Britain, but the help at present, merely consists in being willing to have our private manufacturers sell to the British whatever the British can pay for and carry in their own ships."

"IF THAT IS ALL we mean by full help, we should say so candidly, if we mean more, we should decide quickly how much more we do mean."

SEVERE NATURE OF FIGHTING IN NORWEGIAN CAMPAIGN: BAR TO D.S.O. FOR TWO COLONELS

LONDON, JULY 31 (REUTER).—DETAILS OF INDIVIDUAL ACTS OF GALLANTRY are published in the first list of awards for the Norwegian campaign, which illustrate the severe nature of the fighting.

A bar to the D.S.O. is awarded to COLONEL (temporary Brigadier) CHARLES GEORGE PHILLIPS, late of the West Yorkshires, for outstanding qualities throughout the operations, particularly in conducting the skilful withdrawal from Verdal and Steinkjer, and to LT.-COL. LT.-COL. HUGH BROWNLOW HIBBERT, King's Own Yorkshire Light Infantry, is awarded the D.S.O. for leadership and coolness when his battalion was under intense fire from German land and naval forces and also aerial bombardment. "Col. Hibbert nevertheless cooled no ground until he was ordered to do so."

"In the subsequent withdrawal, he was very able, reformed and led his command over the mountain roads deep in snow, marching 58 miles in 42 hours, mostly in a blizzard."

"His personal example of courage, ability and leadership were responsible for the successful conduct of the action of the withdrawal of the unit."

Other recipients of the D.S.O. are: Major (brevet Lt.-Colonel) Colin McVian Gubbins, M. C., Royal Artillery; Major (local Lt.-Colonel) Hugh Charles Stockwell, Royal Welch Fusiliers; Lt. THREE UPSETS IN LAWN BOWLS LEAGUE

Prison Officers' Club Lose Third Division Lead

SEVERAL NEW SKIPS MAKE DEBUT

BY "NO. 1"

Once again the bright weather last Saturday afforded good opportunity for a full bowls programme.

There was no upset in the First Division but two upsets were noted in the Second Division. Kowloon Football Club, playing at home, lost to Craigenower Cricket Club by five shots and Kowloon Bowling Green Club managed an overwhelming victory over a strong Talkoo Dock Recreation Club combination.

A mild sensation was created by Recreio beating Civil Service C. C. by the huge margin of 50 shots—a rare feat.

There were only three unexpected results in the Third Division when the Kowloon Football Club, who deserve congratulations, emerged victorious at Stanley against the Prison Officers' Club. McKelvie replaced Kempton. Duncan played splendid bowls to beat at home. The second surprise was created by Craigenower who beat Hongkong Cricket Club at Chater Road. The third was at the Valley when the Indian Recreation Club sustained a bad defeat at the hands of H. K. P. C.

FIRST DIVISION

The Champions were the guests of the Indian Recreation Club, and gained an easy win.

Alves was drawn against Minu and found the latter stronger. Minu was soon leading Alves by six shots and then kept ahead for the greater part. The Indian quartette were slightly better than the Portuguese rink.

On the adjoining rink, C. G. Silva trounced M. R. Abbas by 13 shots. Marques played a brilliant game while the other three were as consistent.

Dallah was opposed to F. X. Silva and was trailing throughout the afternoon.

Craigenower Cricket Club, playing at home, proved too good for Kowloon Cricket Club and won by 34 shots. Kern was drawn against Basa. The latter led 11-11 on 4th head and scored five singles to Kern's five on two heads to maintain the lead of 11 shots but conceded ten shots on the next two heads to lead by a singleton. Kern forged ahead and was leading by three shots at the 20th end but Basa managed a single at the last end to lose 23-21.

The Craigenower veteran skip, U. M. Omar, was opposed to Spary, who was making his debut as skip, and had an overwhelming victory by 19 shots. Spary managed only seven singles. Kowloon C. C. seem to overhaul this rink every week with no beneficial effect. I would suggest Labrum, Brown, Spary and Goodwin for the next change.

Rosset started off with 12-0 against E. C. Fincher and reached the end with almost the same speed as Omar led Spary.

AN EASY TIME

Kowloon Bowling Green Club, playing at Austin Road, had an easy time with Civil Service Cricket Club to win by 20 shots.

Holland was once again playing against Jones but this time had no difficulty in beating him by eight shots.

Eccleshall skip in Second Division, was brought up to play No. 3 to Rakusen who made his bow as skip in the absence of Harry Strange. Rakusen has been playing No. 3 to Strange. Sheriff met the Civil Service new skip and had the better of him by five shots.

Deakin was well ahead of Hall on the first ten heads but the interporter turned the tables when he chalked up 14 shots on the next eight. Deakin broke the link by a singleton on the 19th head and the addition of two singles on the last two heads, saw Hall win by seven shots.

Police Recreation Club, entertaining Recreio "B", managed to win by seven shots due to the brilliance of Shepherd's quartette over J. J. Basto's rink. This was the deciding factor of the game as the other two rinks had tied 19-19. Post was given the reins of the Police rink instead of Carey who was No. 3.

On the adjacent rink Fender was short of his No. 2 but managed Mr. A. N. Other to complete the rink. He was playing slightly better than B. Basto. It was a ding-dong struggle and the Portuguese rink, with a three on the last head tied 19-19.

With slightly rearranged rinks, Kowloon Dock Recreation Club

Govt. House Lose By 29 Shots

WIN FOR KOWLOON B. G. CLUB

Kowloon Bowling Green Club beat a team from Government House by 65 shots to 36 in a friendly match of lawn bowls played at the K.B.G.C. yesterday.

The scores: Government House Team: W. L. Walker, H.E. Mr. N. L. Smith, Dr. J. Newton and Mr. J. Deakin (skip) 19; J. A. Fraser, Sir Atholl MacGregor, S. H. Dodwell and Dr. J. T. Smalley (skip) 7; W. A. Cornall, P. Flippance, J. Smith and H. H. Pegg (skip) 10. Total: 36. Kowloon Bowling Green Club: V. C. Dixon, E. C. Hamilton, J. S. Dinnen and R. Duncan (skip) 15; C. E. Turpin, T. E. Robson, A. Hyde Lay and A. J. Hall (skip) 23; W. E. Hodder, E. A. Atkins, A. Bower and D. W. Waterton (skip) 22. Total: 65.

Robertson, who had a good start against Morrison, lost 25-21.

SECOND DIVISION

The first upset in this division was the defeat of the Kowloon Football Club at the hands of the Craigenower Cricket Club at Chatham Road. The game between Field and McNeill was very close though Field was slightly better.

Simpson met Lewis and went down by four shots. Simpson was leading for the major part of the game.

Talkoo Recreation Club, at home, lost on all three rinks. Despite his score of a seven at the 11th head, Keown went down to Drew by six shots. Drew was more consistent.

Duncan, meeting Munro, had the better of him by 24-15.

Lockhart, who was up 12 shots on four heads, had no difficulty in beating Chalmers.

Kowloon Tong met Police Recreation Club, and won by 45 shots. Big counts were scored by Gittins when he collected 37 shots on 13 heads against W. E. Hollands.

Kew's brilliant start against J. W. MacDonald gave him victory of 15 shots. Atken, Channing's No. 3 was given charge of the rink while Channing was No. 3 to him. Against Stephens he lost by 21-16.

Two 1940 records were shattered at King's Park when Recreio met Civil Service Cricket Club, beating the latter by 50 shots mainly due to the record contribution of Rodrigues' win over Stevens, by 35 shots.

Remedios beat C. Strange by 13 shots. An interesting match was witnessed between E. Souza and W. Hillyer.

Hongkong Cricket Club had the better of the Kowloon Cricket Club by nine shots.

Davies, who was opposed to A. W. Smith, who was making his debut as skip, beat the latter by 10 shots.

Brown trounced Overy by 19 shots. Edwards was the outstanding player of the winning rink.

Carr had a flying start against Costello, who had a positional change with Maughan, and won 29-11.

THIRD DIVISION

The Prison Officers caused a surprise by losing to Kowloon Football Club.

Great credit is due to Evans whose overwhelming victory of 15 shots over Bagley was mainly responsible for this unexpected defeat of the Prison Officers' Club who have lost the leadership of the Third Division.

Hongkong Electric, playing at Ming Yuen, managed a narrow victory over Kowloon Green Club by three shots for which Thomson was mainly responsible.

Hongkong Football Club had an overwhelming victory over the Indian Recreation Club, at the Valley.

Hongkong Cricket Club, playing at Chater Road against Craigenower Cricket Club, lost by two shots due to the heavy defeat of Lam at the hands of Wild.

FORECAST FOR THIS WEEK

The Champions will play against Civil Service Cricket Club and should have no difficulty in annexing yet another win.

Police Recreation Club will be at home to their neighbours.

DETAILED RESULTS OF EASTERN'S TOUR: PLAYED 21 AND WON 17

EASTERN ATHLETIC ASSOCIATION, Senior Shield winners and runners-up in the Senior League last season, returned from their triumphant tour yesterday morning.

Their tour, which was to have lasted four months, only took about two months and six days owing to Eastern's inability to obtain the necessary permission to tour India and Java though all arrangements had previously been made to play matches in these two places.

The biggest gate that Eastern drew during their tour was at Singapore when they lost to the All-Singapore XI by two goals to one.

The tour was a great success in all respects and all the players arrived back in the Colony fit and well, though they had been playing almost continuously for about two months.

A pleasing feature of the tour was the tremendous improvement shown by Cheung Kam-hoi, Eastern's inside-right who was the leading scorer of the tour. With the experiences of this tour behind him he is expected to shine this coming season.

RADIO COMMENTS:

P-A CONFERENCE A POLITICAL VICTORY FOR UNITED STATES

NEW YORK, July 31 (Reuter)—AN UNQUESTIONABLE POLITICAL VICTORY for the United States is the verdict of most United States radio commentators on the outcome of the Pan-American Conference at Havana.

Several commentators pointed out that the United States is the only nation with armed strength to supplement the provisions of the Conference with force, this being the reason why it has received a free hand in the hemisphere of defence.

Broadcasting over the Mutual System, however, Wythe Williams contended that the Conference had not produced what had been hoped for with regard to the question of any transfer of ownership of European possessions.

He said that it was wishful thinking for an American to regard the Conference as a success if no arrangement had been made for United States air bases in Latin American territory as far south as Ecuador.

AFRICAN FRONT QUIET

CAIRO, July 31 (Reuter)—The communique issued yesterday states: "All fronts; no land operations to report. There was almost continuous rain in most areas on the Abyssinian frontier."

U.S. CONSCRIPTION POSTPONED

WASHINGTON, July 31 (Reuter)—The Senate Military Affairs Committee today postponed final action on the Burke-Wadsworth Compulsory Military Service Bill, the aim of which was to register 42,000,000 men between the ages of 18 and 64.

The Committee instead decided to take up a measure authorising President Roosevelt to call up the National Guard.

The Senate Committee have already given tentative approval to the main features of the Conscription Bill but there are signs of growing opposition to the measure both inside and outside Congress.

One possibility, which the Committee decided, is a reduction of the age limits of those subject to active military training, to 21 to 31 instead of the present figure of 21 to 45.

LONDON, July 31 (Reuter)—Another naval contingent from Newfoundland arrived in a west coast port yesterday.

Japanese Gasoline Depot Goes Up In Smoke

CHINESE ARMIES UNCONQUERED

PEIPING, July 31 (Reuter)—The difficulties of the Japanese forces in Honan, who are fighting against large numbers of Chinese regulars and militia, are described by travellers passing through here.

In the recent drive from Honan-Hupeh border to the north in an attempt to entrap Chinese forces, the Japanese are said to have used at least 250,000 with tanks and aeroplanes, but after months of fighting in which heavy casualties were suffered on both sides, little progress was made. The major part of the province is still in Chinese hands.

The main reason for this is said to be that the Japanese were unable to put enough men into the field to cope with the hordes of Chinese in Honan—practically every man encountered by the travellers was armed. Morale and discipline are high although armament is inferior to the Japanese.

CITIES DEVASTATED

The travellers describe terrible scenes of devastation in every city—the Japanese have been systematically bombing all cities in Chinese territory, the majority of which are virtually levelled to the ground. But this, according to the travellers, is serving to strengthen the morale of the Chinese force and populace.

The main method of the transportation of munitions is mule cart, upon which China, it appears, is now relying.

STATION CAPTURED

PEIPING, July 31 (Reuter)—Reliable sources state that the Eighth Route Army has been operating south of Peiping during the last few days, engaging posts and approaching within a few hundred yards of the south wall of the city.

Fighting is said to have occurred for some distance down the railway to Tientsin and the Chinese are said to have captured a railway station a short distance to the south of Peiping, later retreating.

ICHANG OPERATIONS

CHUNGKING, July 31 (Central)—Additional casualties are reported to have been suffered by the Japanese on the south bank of the Yangtze River at Ichang as a result of Chinese "mopping up" operations, according to field dispatches from Hupeh.

In south Hupeh Chinese troops made an attack against the Japanese between Tsungyang and Tungcheng on the morning of July 28, inflicting considerable casualties. Telephone lines and sections of the highway were damaged. In the afternoon a combined Japanese infantry and cavalry unit which came to seek revenge was ambushed.

According to a Shansi report, a fire broke out in the Japanese supply depot at Yuncheng, south Shansi, on the night of July 22. Over 1,000 tons of gasoline were consumed.

GUERRILLA ACTIVITY

CHUNGKING, July 31 (Central)—Chinese guerrillas are active in the suburban areas of Peiping. According to a dispatch from Peiping, since July 25 the guerrillas have made several attacks outside the Yung Ting Men (Gate). Gunfire was sometimes audible inside the city at night.

The Japanese and puppet forces are taking strict precautionary measures. All the city gates are closed at 6 p.m. everyday.

POSITION IN SYRIA

Censorship Causing Confusion

LONDON, July 31 (Reuter)—Reuter's special correspondent on the Palestine-Syria frontier telegraphs that the tragedy of a great colonial army torn between loyalty to its own Government and to its old ally is being enacted in Syria. Rumours of disturbances, including allegations of Arab nationalist risings in Aleppo, are devoid of truth. The country is at present absolutely quiet though the situation is one of considerable confusion.

A number of Frenchmen, chiefly officers, have crossed the frontier and joined the British forces, but large numbers remain carrying on their duties normally, though locally-engaged soldiers from Egypt and the adjacent territories have been demobilised and sent home.

INFLATION POSSIBLE

One of the major problems is that the precarious financial situation in France is being reflected in Syria where the local currency is based on the franc, and this is affecting the entire economy, giving rise to the possibility of inflation.

Meanwhile, a rigid censorship is causing confusion and suspicion among the Syrians and French soldiers.

All foreign newspapers are banned. Contrary to reports that General Eugene Mittelhauser had crossed into Palestine to join the British, Reuter's correspondent learns that he was recalled to Vichy. After General Mittelhauser's departure, his Aide-de-Camp, resigned and flew to Egypt to enlist with the British.

Soldiers are beginning to receive mail and to learn for the first time of the hardships their families are enduring at German hands. This is causing many to become still more bitter, and there is a hardening of opinion against the Vichy Government.

SOLDIERS LOSE SIGHT

LONDON, July 31 (Reuter)—In a written answer to a question in the House of Commons, Mr. Anthony Eden stated that 113 soldiers lost the sight of one or both their eyes during the recent fighting in France.

De Gaulle Hits Out

VICHY GOVERNMENT TOOL OF ENEMY

LONDON, July 31 (Reuter)—General De Gaulle, speaking in the B.B.C.'s French service last night, said that one of the results of the armistice terms accepted by the Vichy Government would be disaffection and probably revolt of the natives of the French Empire.

"These people, true to France, confident in France, respectful to France, view with indignation this capitulation of the Empire without fighting."

"Since it is obvious that the men who are saving their skins at Vichy are subservient tools of the enemy's wishes, I affirm in the name of France that the Empire must not submit to their disastrous orders," he concluded.

POSTHUMOUS HONOUR FOR GRENADIER GUARD CORPL.

LONDON, July 31 (Reuter)—The first Army Victoria Crosses in the present war are awarded to Captain Harold Marcus Ervine-Andrews, of the East Lancashire Regiment, and the late Lance-Corporal Harry Nicholls of the Grenadier Guards.

Captain Ervine-Andrews' award is for most conspicuous gallantry on the night of May 31—June 1. He took over about 1,000 yards of the defences in front of Dunkirk. For over ten hours he and his company held their position in the face of an intense attack by vastly superior forces.

Reinforcements were unable to reach him when the enemy attacked on both flanks. Capt. Ervine-Andrews headed a group of volunteers when one of his platoons was in danger and then going forward, climbed on top of a straw-roofed barn where he personally accounted for 17 of the enemy with a rifle and many more with a Bren gun.

FOUGHT WAY BACK

After all ammunition was expended, Capt. Ervine-Andrews collected the remaining eight men of the company from their forward position and when almost completely surrounded, led them back to cover, swimming or wading up to the chin in water for over a mile.

Having brought the remainder of the company safely back, he again took up his position. "Throughout this action, Capt. Ervine-Andrews displayed a cour-

NEW LINE OF ATTACK

Turkey Fears Nazi Trade Domination

ISTANBUL, July 31 (Reuter)—German efforts to influence Turkey has taken a new line since the brusque rejection of foreign interference by M. Seydam, Turkish Prime Minister, in his speech in the Assembly on July 12 and the subsequent departure of Von Papen for Berlin.

Now, instead of threats to politicians, Nazi agents here are concentrating on Turkish businessmen, endeavouring to win them over to the doctrine that Turkey's real interests lie in the development of trade with Germany and using the signature of the recent Turco-German Trade Treaty as a basis.

Circulars discussing this argument have recently been distributed and a number of leading articles have appeared in the Turkish press some of which express fear lest such developments might lead to German trade domination in Turkey.

DAYLIGHT RAIDS ON GERMANY

Shipping Docks And Dromes Attacked

LONDON, July 31 (Reuter)—An Air Ministry communique states that our bombers yesterday made daylight raids over a widespread area in Germany and the Low Countries.

A large supply ship was damaged near Flushing, barges and other vessels were hit at Emden and Hamburg and off the island of Terschelling.

An oil refinery in the Ruhr was bombed and attacks were made on several aerodromes in Germany and Holland. One of our bombers was lost. During last night, although conditions of visibility were poor, a large number of our bombers penetrated into enemy territory. Twenty-four aircraft, however, were unable to locate the targets assigned to them and returned without dropping their bombs.

RUHR VISITED

The remainder attacked targets in north-west Germany, the Ruhr and the Low Countries, including oil refineries, shipping docks, aerodromes and road and rail communications in these operations.

Full reports of yesterday's encounters around our coasts show that a total of 21 enemy aircraft were destroyed. Two of our fighter pilots are missing.

Yesterday, although enemy activity has been restricted, two enemy bombers and one enemy fighter so far have been destroyed.

"How do you feel this morning, Jack?"

"Ugh!"

"Like that, eh?"

"Worse than that!"

"Good party, though. Never enjoyed an evening as much for years."

"I've never hated a morning as much. I'm still tossing feverishly on my bed of pain. In fact I don't suppose I shall ever get up again. Send me some books from time to time, will you? And a few flowers. Tell the boys I'm keeping a stiff upper lip."

WAS NOT NECESSARY TO DETAIN WIFE IN THE MENTAL HOSPITAL

Maintenance Summons: Doctor's Evidence

Dr. C. W. Lam, medical officer-in-charge of the Mental Hospital, Hongkong, gave evidence at Kowloon Court yesterday when hearing was continued of the summons brought by Chung Yuk-ming against Nip Ping-chuen, her husband, seeking separation and separate maintenance allowance.

Witness said that Chung Yuk-ming was admitted to the hospital, and was personally of the opinion at 1.30 a.m. on May 30. He was not present at the time of admission, but saw her on the following two days. She protested to him about the manner in which she was made to enter the hospital, complaining that she had been brought there against her will. She complained also about her husband.

ENTRY FORMS

The first entry form, witness said, was signed by Nip Ping-chuen, and the second entry form, without which the hospital had no power to accept a patient, by Dr. Thomas, who was also a Justice of the Peace.

Replying to a question by Mr. Hin-shing Lo, appearing for complainant, witness said that Dr. Thomas would have to personally examine each case before recommending a person for admission to the Mental Home. He would also have to be satisfied that the person was a fit patient to be admitted for observation.

Chung Yuk-ming was discharged from the hospital on July 4 on the strength of a form signed by her husband requesting her release on his assuming the responsibility for this, witness continued. He had occasion to

observe the patient in hospital, and was personally of the opinion that it was not necessary to detain her.

Expert evidence on Chinese custom and civil and criminal law in relation to divorce was given by Mr. T. F. Lo. Witness said it was provided for in the civil statutes that a wife's refusal to recognise her husband's concubine and the husband's failure to abide by the wife's wishes in the matter could constitute a ground for divorce.

PENAL SERVITUDE

The criminal law provided also that on the complaint of one of the parties to a divorce, a respondent could be liable to a term of penal servitude not exceeding one year for the offence of adultery. Questioned by Mr. D. McCallum, for defendant, Mr. Lo agreed that the Chinese civil statutes on the problems of divorce had little influence with an average Chinese family locally.

A Chinese family of the younger generation would, however, give some regard to rulings on the problem of divorce contained in the Chinese civil code, witness said.

Further hearing was adjourned to the afternoon of August 12.

SHORTEST ROUTE TO MELBOURNE

EVACUEES WILL NOT LOSE SIGHT OF LAND

The Dutch liner, which is carrying Hongkong's evacuated women and children from Manila to Australia, will take the shortest route to Melbourne, which is across the Banda Sea, past famous Bird Island and through the Torres Straits into the waters inside the Great Barrier Reef.

This route will enable the 584 women and children aboard not to lose sight of land, except for 48 hours when the ship crosses the Banda Sea.

The first port of call, it is understood, will be Cairns, in North Queensland, which will be reached two days after passing Thursday Island and Brisbane will be reached two days later.

The call at Cairns, it is learned, is only to pick up an official of the Commonwealth Government who will accompany the ship for the remainder of its voyage.

Another batch of Hongkong's evacuees was to leave Manila yesterday, but the evacuation of the remaining women and children has been postponed to the weekend due to the delayed arrival of the Dutch and Australian.

One vessel will leave Manila on Saturday and another early on Sunday. The former will leave at the same time that the liner carrying further evacuees from Hongkong direct to Australia will leave the Colony.

Det.-Sgt. V. M. Morrison, prosecuting, said that while complainant, Cheung Yip-fung, of No. 77 Thomson Road, was walking along the street defendant came up and snatched the wrist watch from her. Defendant was chased and arrested by a Chinese constable.

24-HOUR REMAND
Ho Wal, 27, unemployed, was remanded 24 hours for medical examination to see if he was fit for caning by Mr. R. Edwards at the Central Magistracy yesterday.

BELILIOS SCHOOL JOURNAL

The Belilios Public School, which was opened fifty years ago, has honoured the occasion by publishing its first School magazine.

Under the guidance of its headmistress, Miss N. W. Bascombe, the School has made immense strides as an institution for the education of girls and the school magazine furnishes testimony of the excellent work done by the pupils.

The magazine contains a number of extracts from the log books of the school from the date of its opening on March 1, 1890, and is neatly and interestingly compiled.

The publication is replete with a photograph which give an insight into the varied activities of the pupils and the teaching staff.

GIRL ALLEGES CLERK INTENDED TO SQUEEZE HER TO DEATH

After several witnesses were called for the prosecution, hearings was again adjourned in the case in which Yeung Wai-king, clerk of the Asia Life Insurance Company, was charged before Mr. R. Edwards at the Central Magistracy yesterday with wounding Li Wun-lin, 17, spinster, on July 13, with a chopper, in Room 414 of the Luk Hoi Tung boarding house.

The charge yesterday was amended to one of wounding with intent.

In amending the charge, his Worship told defendant that this charge was a more serious one and asked Yeung if he wished to call any of the eye-witnesses to give evidence. Defendant asked that complainant be recalled and said that before chopping her he did not squeeze her neck for half-an-hour, for if he did she would be dead.

In reply, complainant said that defendant did squeeze her neck and there was white foam in her mouth. Li further alleged that it was defendant's intention to squeeze her to death and then run away.

Defendant said that he had never asked Li to go back to his house and live with him but had merely persuaded her not to continue as a prostitute.

Li denied that she went to the Luk Hoi Tung boarding house willingly. She met defendant about 9 p.m. on July 11 and, when she refused to go, he took hold of her and dragged her there.

Li alleged that Yeung threatened to kill her with a revolver if she would not go.

DID NOT TELL
Questioned by the Magistrate, Li admitted that she did not tell the police about being forced to go to the Luk Hoi Tung and being threatened, because she was not asked.

Asked why she stayed in the boarding house for two days, complainant said that defendant had promised her that by Saturday he would give her several tens of dollars to buy clothes and would bring her back to his house.

Chan Sing, No. 1 boy on the third floor of the boarding house, said that on July 13 at 5.50 a.m. he heard shouts of "save life" in a woman's voice.

He knocked at the door of Room 414 and it was opened by defendant. He saw a woman, with blood all over her, leaning on the door. She shouted, "Save me Don't let him run away."

Man Yue, seaman, said that he heard a shout of "save life" followed by police whistles. He went to the third floor of the Luk Hoi Tung and seized defendant.

Chan Fu, detective, said that he arrested the defendant.

CHOPPER IDENTIFIED
Ng Chung, master of the Sun Man Ah shop, identified the chopper as the one which was bought from his shop.

Wong Ping, Principal tenant of No. 8 Aberdeen Street, testified that complainant had never lived with her and that her house had never been used for the purposes of prostitution.

Hearing was then adjourned to tomorrow at 12.30 p.m.

Det.-Insp. J. O'Donovan appeared for the prosecution.

MORE JAPANESE PIN-PRICKING

THE CIRCUMSTANCES surrounding the arrest of twelve Britons in Japan, with the consequent tragic death of one of them, are, to say the least, most peculiar. It is impossible at present, owing to the complete absence of further details which led to the Japanese authorities making this "swoop" on a number of prominent British subjects, to accept the vague statement made by those responsible for these arrests that the victims had been rounded up "for military reasons." This phrase is generally accepted to mean that the arrested Britons were suspected of espionage activities. Every country is admittedly at liberty to protect itself against espionage agents working on behalf of other powers, but it is also incumbent on those who exercise this right to furnish the world with indisputable proof of the alleged activities of their victims. The Japanese have so far failed to furnish the grounds for their action and have confirmed the opinion held abroad that, in Japan, an arrested man is considered guilty and practically convicted of his alleged crime before trial, at which, strangely enough, his prosecutors are the only people who can, if they so desire, prove his innocence. From a (British) legal point of view, therefore, this is a totally incorrect attitude to take.

FROM THE POLITICAL point of view there is much less information available for the purposes of comment. Apart from the fact that the British authorities have registered their protest against the Japanese action and that there has been a vehement denunciation of the charge that any of the arrested victims have been concerned in espionage, it is impossible to say with any degree of accuracy how far the Japanese action is related to their newly formulated foreign policy. The most feasible interpretation to place on what has taken place is that, probably as a result of pressure from their totalitarian masters in the west, the Japanese have resorted again to their customary pin-pricking, in the hope of provoking Great Britain into some move, which could be at once construed as hostile to Japan and, therefore, used by the Japanese militarists as a

THREE WEDDINGS AT REGISTRY

The following weddings took place at the Supreme Court yesterday before Mr. J. Reynolds, Deputy Registrar of Marriages:—

Pte. W. Carrington, of the Royal Scots, and Miss Chan Soo-hing, residing at No. 51, King's Road.

ANNOUNCEMENTS

The following forthcoming marriages were announced:—

Mr. Choy Koon-chi, acting accountant of The Sun Co., and Miss Leung Che-sham, residing at No. 165, Hennessy Road.

Mr. Prosper Alestar Waller, residing at No. 21, Homunth Street, and Miss Kathrine Wong, of No. 8, Li Kwan Avenue, Causeway Bay.

Captain A. A. Ahrens, of s.s. Dona Aniceta, and Miss Mary A. Arab, residing at No. 518, Nathan Road.

Mr. Cheung Yu-chiu, agriculturist, residing at No. 191, Johnston Road, and Miss Beatrice Loong, of No. 28, Hing Hon Road.

Mr. Wong Pak-hin, broker, of No. 153, Fook Wah Street, and Miss Lo Pui-long, residing at No. 223, Lai Chi Kok Road.

Mr. Leung Tuen-yip, merchant, residing at No. 4, Sung Street, and Miss Lo Wal-hing, of No. 412, Lockhart Road.

lever for obtaining further concessions from the British Government. This is an old ruse to which the British Government is now thoroughly accustomed and one which they are prepared to meet with a firmer attitude than they have perhaps, shown in the past. It would be useless at this stage to offer any conjectures on future developments and it can only be hoped that Britain's representative in Tokyo will adopt a stronger tone than he has hitherto shown in dealing with the questionable methods adopted by the Japanese where British nationals and interests are concerned.

TAKING THE INDIVIDUAL aspect of the arrest of Mr. James Cox and his subsequent death, as reported by the Japanese authorities, it is apparent that opinion, among those who knew the deceased and were aware of his conscientious application only to his work, completely rejects the theory that his death constituted an admission of his alleged espionage activities. The late Mr. Cox was a prominent figure in this Colony as a representative of Reuters News Agency and, in all his dealings, he was known to have placed his duty to his employers above everything else. In Japan, where he had been resident for a number of years in the same capacity, he always held that he owed it to his employers to promote goodwill between the agency and the Japanese. The suggestion made that he felt that the "game was up" and, therefore, destroyed his own life, resembles too much of Japan's own "hari-kiri" set-ups and the whole procedure which was adopted by his inquisitors during his questioning will have to be investigated. The Japanese themselves, if they desire to eliminate the mounting suspicion against them that brutality and ruthless methods were responsible for Mr. Cox's death, should afford the British representative in Tokyo every facility to investigate this tragic occurrence.

AS AMERICAN EDITORS SEE IT

FAR EASTERN POLICY

Authorities who oppose any weakening of United States naval forces in the Pacific point out that America, by its policy of resisting Japanese expansion in the Orient, is even now aiding the democratic powers.

Examination of Washington's policy in the Pacific has resulted from a recent series of newspaper editorials suggesting a rapprochement with Japan so that America can transfer more of its sea strength to the Atlantic.

While there has been no crystallization of policy, this view has found some support. However, authorities who oppose any change in Far Eastern policy outline their views as follows:

First, they deny the thesis that America can lessen its Far Eastern responsibilities or dangers by new agreements with Japan. Tokyo, they point out, even now is a signatory to the nine-power pact, guaranteeing China's territorial integrity, and to the four-power pact, guaranteeing the status quo in the Orient—that is, the sovereignty of the Western Powers in their various Eastern possessions, such as the American Philippines, the Dutch East Indies, French Indo-China and British Malaya.

If Tokyo can not be relied upon to respect these present pledges, they reason, it is not logical to believe that Japan would have any greater regard for new treaties, such as one Japan has proposed for neutralization of the Philippines.

Although America's step-by-step opposition, since Secretary of State Stimson's first blast at the Japanese in 1931 when they entered Manchuria, has not stopped Japan's imperial expansion, it has at least slowed down the Nipponese advance through Asia, experts contend. Tokyo, they argue, has figured every advance in the light of U.S. policy and the presence of a great battle fleet in the Pacific. Today, with Great Britain and France facing a fight for their lives in Europe, it is only the American battle fleet that keeps Japan from seizing the oil and rubber resources of the Dutch East Indies, and from invading French Indo-China and Britain's Far Eastern possessions, authorities declare. If Japan could lay hands on these resources, they might immediately be shipped to Germany and Italy.

Thus, the authorities reason, America's Pacific policy is having the indirect effect of preventing the Fascist Powers from obtaining vital war supplies such as oil, tin and rubber.

Second, it is argued that if Germany should defeat the Allies and become an immediate menace to the United States in Latin-America, it is always possible to transfer the battle fleet through the Panama Canal to Atlantic waters before a large invading force could be transported across the Atlantic.

For America to weaken its Pacific position now, opponents of a change in policy contend, would be merely to open the "back door" to a known danger in order to protect the "front door" from an unknown foe.

WOMAN'S LUCKY STAR AT LOW ALTITUDE

Appeasement Of Spirit: Allegations By Amah

Hearing was commenced before Mr. E. Himsforth, at Kowloon Court yesterday of the case in which Lau On, 32, is charged with having obtained a sum of \$800 in money and gold coins from Leung Wah-hoi, an amah in the employ of a certain Sin Wai-fong, by pretending that he would be able to appease a certain spirit on her behalf.

NEWSETTES

Mr. Walter Hoffman, U.S. Vice Consul at Hongkong, is on a visit to Kobe, accompanied by Mrs. Hoffman and two children.

An Indian storekeeper at Whiffeld Barracks, Kowloon, Jagot Lam, aged 60, was found dead yesterday. According to a police report death was from natural causes.

Caused by the heavy rainfall of the last few days, a landslide occurred at Gascoigne Road, near the King's Park Refugee Camp, on Tuesday. There was no damage and no one was injured.

Repairs to the bridge at Tai Lam Chung, near the 16-mile post on Castle Peak Road, which collapsed in the early morning on Tuesday, have been effected and traffic was resumed in that area since 7 a.m. yesterday.

More than 100 war orphans in the care of the Hongkong Branch of the National Association for the Care of War Orphans have arrived in Shikwan, states a Central News report. The Kwangtung Relief Commission is helping to get accommodation for them.

Central News learns that the Chungking Bureau of Social Welfare has issued an order commending the bravery of several students of the Tsing Hwa Middle School who risked their lives to rescue a wounded Chinese airman who landed by parachute in the vicinity of the school, premises during the air battle over Chungking on July 16.

Chow Chun-yen, chief of the Bureau of Military Supplies of the National Military Council, passed away at the Central Hospital in Chungking on Tuesday. Generalissimo Chiang Kai-shek, who personally visited the deceased in the hospital on July 29, was much grieved at his death. He has despatched General Chang Chi-chung, chief

Giving evidence, complainant stated that she first came to know defendant through pamphlets advertising his abilities as a fortune-teller. Together with her mistress, she paid a visit to his shop and after he had examined her hands and face, witness said, defendant informed her that her Lucky Star was at a rather low altitude.

The Lucky Star could be charmed back to the correct altitude, she was told, if she would make sacrifice to the spirit of a mu-tsai she had kicked to death in a past life. The spirit of the mu-tsai was seeking revenge, and her Star had therefore fallen from the correct altitude.

VALUABLE THING

Defendant, witness stated, suggested that the sacrifice be of some valuable thing, and consequently with her mistress she purchased two gold coins for which she paid \$140. For defendant's services she also agreed to pay certain money, and there had been a provision that after some time the money would be returned except for a small retaining fee.

She mortgaged a house she had in the country, witness continued, and in the early part of March both her mistress and herself handed defendant a total of \$300, included in this sum being the two gold coins. Her own share amounted to over \$300.

Defendant later disappeared, witness said, and she did not see him again until July 16, when by chance she met him at the Shum-shipo Ferry Wharf. He attempted to hide his face, but she called for a policeman and had him arrested.

Hearing will be continued on the afternoon of Thursday, August 2.

Defendant is being represented by Mr. C. D'Almeida and the prosecution is in the hands of Insp. T. K. Whelan.

AXIS CLOSELY WATCHING AGAINST OUTSIDE INTERFERENCE

Phase Of Negotiations Passed In Balkans

BUCHAREST, July 31 (Reuter)—The situation in the Balkans appears to have passed the phase of negotiations.

The Italian correspondent of the Bukerester Tageblatt says that the Axis Powers "confined themselves to giving friendly advice and are vigilantly watching to see that no outside Power interferes in south-east Europe for the purpose of maintaining the existing quarrels."

FOUR BRITONS RELEASED

Grew, were present with Lady Craigie and Mrs. Grew. Others present included the Polish Ambassador, the French Consul, the Netherlands Minister, Secretary of the Belgian Embassy, Mr. Inosuke Furuno, President of Domei News Agency, Mr. Matsumoto and other members of Domei, representatives of all the leading Japanese papers and all foreign correspondents, except German and Italian.

Mr. Suma, Japanese Foreign Office spokesman, Commander Hirabayashi, of the Tokyo Gendarmery, Mr. Furuno and others sent floral tributes.

PALL-BEARERS

The pall-bearers were:—M. Guillaud, of the Havas Agency, Mr. Thompson, of the United Press, Mr. Morin, of the Associated Press and Mr. Redman, of the British Embassy.

The remains were cremated and the ashes sent to the foreign cemetery at Yokohama, where they will remain till arrangements are completed for their return to England.

Mrs. Cox is staying with Sir Robert and Lady Craigie.

NEGATIVE REPLY

TOKYO, July 31 (Reuter)—A spokesman of the Foreign Office replied in the negative, when he was asked at today's regular Press conference, whether the Japanese Government had received the British representations, concerning the arrest of Britons in Japan for alleged espionage.

He admitted that the British Ambassador Sir Robert Craigie, had possibly touched on the subject in his interview with the Japanese Foreign Minister, Mr. Matsuka, on Monday.

Monday's conversations, however, he added, were mainly a continuation of Saturday's talks the major topic of which was Japan's policy towards Britain.

LONDON COMMENT

Two important subjects of international importance were dealt with in a brief talk from Daventry last night by Mr. E. H. W. Atkinson, political commentator on world affairs.

The first was with reference to the arrest of twelve Britons in Japan on charges of espionage. The Japanese Ambassador, said Mr. Atkinson, alleged that there were a number of Britons engaged in an espionage network in Japan.

Britons in Japan are not organized into any political bodies, said Mr. Atkinson, and obviously the Japanese could have no objection in principle, to those people who have sought to establish better relations between Japan and Britain.

On the other hand, every German in Japan was a member of the Nazi Party and had organised themselves into bodies which were described as being established for cultural relations.

"Well," continued Mr. Atkinson, "we have seen very clearly the German idea of cultural relations in other parts of the world and we need not wonder at what is the guiding principle of those organizations."

"I think," he concluded, "that the Japanese were very surprised that we have taken these arrests so seriously."

Brief talk on Anglo-Rumanian issue will be found on Col. 2 of this part.

FERRY CASE FAILS

Ruling that no prima facie case had been made out against defendant on a charge of conspiring to defraud the Hongkong and Yau-mat Ferry Company of 36 cents, Mr. Q. A. A. Macfadyen at Kowloon Court, yesterday discharged Yip Hip-man, 26, employed by the company as a ticket collector.

Mr. H. A. de B. Botelho defended Yip and Mr. F. H. Loseby prosecuted.

FINE SOLDIER

the Hongkong Society for the Prevention of Cruelty to Animals for two years and worked actively for the Society.

On leaving Hongkong, Captain Ervine-Andrews was appointed Honorary Army Liaison Officer to the R.A.F. at Waziristan.

HIGH ESTEEM

Captain Ervine-Andrews, who was married recently, was held in high esteem in Hongkong both as a fine soldier and a gentleman. Many of those friends who knew him when he was in Hongkong, were happy to hear of the honour conferred on him.

BRILLIANT EXPLOIT

Reuter refers to his brilliant exploit as follows:

Captain Ervine-Andrews' award is for most conspicuous gallantry on the night of May 31—June 1. He took over about 1,000 yards of the defences in front of Dunkirk. For over ten hours he and his company held their position in the face of an intense attack by vastly superior forces.

Reinforcements were unable to reach him when the enemy attacked on both flanks. Capt. Ervine-Andrews headed a group of volunteers when one of his platoons was in danger and then going forward, climbed on top of a straw-roofed barn where he personally accounted for 17 of the enemy with a rifle and many more with a Bren gun.

DEVOTION TO DUTY

After all ammunition was expended, Capt. Ervine-Andrews collected the remaining eight men of the company from their forward position and when almost completely surrounded, led them back to cover, swimming or wading up to the chert in water for over a mile.

Having brought the remainder of the company safely back, he again took up his position.

"Throughout this action, Capt. Ervine-Andrews displayed a courage, tenacity and devotion to duty worthy of the highest traditions of the British Army."

Captain Ervine-Andrews is 29 years of age and served on the North-West Frontier of India in 1936-37 and was mentioned in despatches.

Defence Of British Homes

NEW YORK, July 31 (Reuter)—The well-known naturalist, Mr. Charles Cutting, announced the formation of "The American Committee for the Defence of British Homes."

Mr. Cutting calls every American to forward privately-owned pistols, revolvers, ammunition, rifles, shotguns and binoculars to England for the Home Defence volunteers "who can help to make the defeat of the invasion a reality, if they have the necessary arms and ammunition."

ANGLO-RUMANIAN ISSUE: BRITAIN AWAITING REPLY TO PROTEST

In a brief talk, broadcast from Daventry last night, Mr. E. H. W. Atkinson, political commentator on world affairs, referred to the Anglo-Rumanian issue and said that Britain was justified in acting so strongly over the dismissal of British engineers who had been responsible for the development of the oil industry in Rumania.

"We are awaiting an answer to our protest," he said, and added: "There is a phrase in the British protest which says that Anglo-Rumanian interests cannot return to normal unless our protest is satisfied. That phrase covers the whole field of Anglo-Rumanian relations."

Gestapo Agent Hold Post In Japanese Home Office

LONDON, July 31 (Reuter)—A curious sidelight is thrown on the recent Japanese action by the disclosure in London of German activities in Japan. Reuter's diplomatic correspondent learns.

At the time of the conclusion of the Anti-Comintern Pact, a German, who is a member of the Gestapo, was given a post in a Japanese Home Office. His influence on the internal affairs of Japan was very considerable and he exercised considerable pressure on the Japanese press.

GERMAN TOURISTS

There is a branch of the Nazi Party in Japan which controls the activities of all German residents and in this the Japanese authorities acquiesced.

There has been a considerable increase in the number of German tourists and businessmen in Japan having no particular reason for being in that country.

LONDON, July 31 (BWS)—In a statement in the House of Lords yesterday on the arrest of British subjects in Japan, the Foreign Secretary, who had in the morning

MERCHANT NAVY

Continued from Page 1

In this great work, Britain greatly appreciated the contributions that arrived daily from the countries of the Commonwealth and "if the enemy thought that he had only Britain to deal with, he was sadly mistaken."

The example of the assistance Britain was receiving from Canada and Australia should show him what he is up against. In the air and in the sea, the men from the Dominions and Colonies had already dealt the enemy heavy blows.

EVERY TYPE OF SHIP

Of outstanding importance in the present war was the continued movement of troops from and to all the corners of the Empire. To carry out these movements, every type of ship had been used, ranging from vessels of 1,500 tons gross up to the largest ships afloat.

"And," continued Mr. Cross, "in all these movements, not one vessel was lost nor was a single life lost by enemy action and this work is still going on."

That work accounted for the use of many of the great passenger liners, but the most typical class of ships used for that purpose was the handy ocean-going tramps which were carrying the bulk of the munitions and supplies needed for the fighting forces and for the people of Britain.

Next in importance was the work done by the small coasters, which saved a heavy drain on the railways by carrying cargoes round the coast. If at any time any of Britain's ports were put out of action by the enemy, these coasters would take over cargoes from the ocean-going vessels and distribute them to the smaller ports which ocean-going ships could not use.

ADMIRALTY WORK

"Finally," went on Mr. Cross, "an enormous number of ships were employed on important Admiralty work. They are highly specialised for the kind of work they do, and we must also not forget the multiplicity of auxiliary craft used for similar work."

"The task of the Ministry of Shipping is to provide the ships wanted for the fighting services in order to keep the supplies flowing. Nearly all our imports come from overseas and we must find the space for them."

Concluding, Mr. Cross said it was interesting to know that Canada was building over 100 ships of all types and that the programme was making very rapid progress.

"The heartfelt thanks of the Empire go out to the men who risk their lives in carrying out these essential services—they have come to us from all parts of the Empire and are willingly continuing to play a very gallant part in our cause."

MUST MAKE PLANS

Reuter adds that Mr. Cross declared enemy action might, at any time, make changes in our port arrangements and we have to make plans to meet such emergencies.

"We must get in every cargo possible and keep the ports clear of congestion in order to be in the best position when the storm breaks."

"We now have between us the greatest Merchant Navy, the world has ever seen. In addition to British and the Dominions' contributions, there are several of

future administration of the port.

He will be accompanied by Mr. Duncan Kennedy, M.I. C.E., as Engineering Adviser and he expects to sail for the Far East in September.

Sir David Owen's terms of reference will be:—

To investigate the whole question of harbour facilities, organisation and administration at Hongkong, having regard to the existing system of pier leases which are due to expire in ten years' time; and in the light of local physical, economical and political conditions to make recommendations for measures by which the port could in future be developed and controlled to the best advantage of all persons and interests dependent on its services.

Sir David Owen has been General Manager to the Port of London Authority since 1922. Aged 66, he was in the service of the Mersey Docks and Harbour Board, Liverpool, for 13 years.

Sir David was Manager of Goole Docks in 1915 and was knighted in 1931.

Detention Of Two French Admirals

LONDON, July 31 (Reuter)—Admiral Cayol, who with Admiral Villaine, are detained in England, was a survivor of the Meksnes.

The Vichy Government has protested against the detention, but the view expressed in London is that it seems an ungracious protest in view of the fact that Admiral Cayol was rescued by the British when the ship, in which he was returning to France, was sunk by a German vessel.

It is learnt that both Admirals are being treated with every consideration due their rank, and made as comfortable as possible.

Extension Of Contraband Control

LONDON, July 31 (Reuter)—THE TIMES, commenting on the extension of the contraband control says that the neutral countries would, of course, much prefer there is no interference with their ships or trade. They must recognise, however, we are fighting for our lives, and if we lose it will mean the end of their freedom as well as ours, including the freedom to trade, and to sail the seas unhindered.

The methods now to be employed are designed to inflict on them the minimum inconvenience, compatible with the overriding purpose of preventing Germany in drawing supplies from overseas in order to enslave the world.

Neutral countries, whose ships have been sunk without warning and whose sailors have been left to drown, may well be asked to accept a little inconvenience, even a certain loss of trade, when they found it was necessary for the success of our efforts to clean the seas of piracy and make the world safe for peace-loving people.

Alleged Peace Terms Denied

WASHINGTON, July 31 (Reuter)—The Japanese Embassy here, today issued a statement categorically denying the truth of the press message from Hongkong which stated that the Chungking Government has rejected the Japanese peace overtures.

The Embassy declared that there has been no offer of peace either on the terms reported from Hongkong, or any other terms.

the finest merchant fleets from Scandinavia and the Low Countries and scores of ships seized from the enemies as well as a great quantity of chartered neutral tonnage.

BRITISH UNITY:

Pride Of Traditions And
Determination To See
That They Are Preserved

THE BRITISH PEOPLE ARE PROUD OF THEIR TRADITIONS. THEY ARE DETERMINED TO BE WORTHY OF THEM; NOW THEY ARE FIGHTING TO PRESERVE THEM. What is it that above all else England has valued most through many generations? It is not her military strength, nor her industrial skill. It is not even her commercial experience, but the art of self government by a free people.

IN A PREVIOUS TALK, I told you something about the democratic system of Britain. There is still more to say and I must emphasise that at this time DEMOCRACY IS ON TRIAL.

AN OLD SAYING
First of all, we have to decide how far Britain is a true democracy, and whether democracy is suitable in time of war? There are many volumes of books on this subject.

The old saying is true. "There is nothing new under the sun." So with the idea of democracy.

It is an old idea to the Chinese. Most people know that Mencius said: "The people are the most important element, then the State and the Sovereign is least of all." But even long before Mencius, four or five thousand years ago, the idea of democracy was mentioned in the Book of History (Shu King). It said: "The people are the root of the State, and if the root is firm the State will be secure." In addition to this, it also mentioned that even the will of God depends on the majority of the people. It also said: "Heaven sees as people see. Heaven hears as people hear."

The modern conception of democracy is based on the same ideas. A well-ordered State must seek not only the greatest good of the largest number, but also protect the rights and liberties of all classes. It must guarantee to the humblest of its citizens and to the greatest, full individual liberty and equality before the law.

STAGE OF DEVELOPMENT
The idea of the British democracy is expressed in words of the late President Wilson of America. "Democracy is wrongly conceived when treated merely as a body of doctrine or simply a form of government. It is a stage of development. It is built up by slow habit. The English alone gave approach to popular institutions through habit. All other nations have rushed prematurely into them; through mere impatience with 'habit', they have adopted democracy instead of cultivating it."

When President Wilson said goes to the root of the matter. It is sometimes claimed that Britain is not a democracy. That she is governed by a clique of men drawn from a group of aristocratic families. This claim is answered by Lord Beaverbrook.

He says that while this may be true it is better to be governed by men who pay for the privilege than by adventures who make money out of it. He lays no claim to be an aristocrat. He says that he has no sympathy for them, but he does not deny that they are useful in a democracy.

WEALTH OF THE NATION
The wealth of the nation does not belong to the great mass of the people. Fifty-five per cent of the total private wealth of Britain is in hands of one per cent of the population.

The great mass of British people—three quarters of the whole—share between them only five per cent. At one end of the social scale there are some hundreds with incomes of £1,000 a week or more. At the other end there are more than eleven million people who earn less than £2 a week (32 Hongkong dollars). In between these extremes 73.4 per cent of all the families in Britain have less than £4 a week to live on. I want to correct an idea sometimes conveyed that every British man and woman are as wealthy as kings.

The attitude of the Labour Movement at the present time is to come to terms with Capitalism. Capitalism and Labour have united to win the war for democracy. The demand made by Labour is for State protection against unemployment, a higher standard of living and an increase in taxation, for the wealthy classes.

COMPLEMENTARY INTERESTS
The complementary interests of

Capital and Labour are well illustrated by John Galsworthy in his problems play "Strife." This play has been translated into several Chinese versions and sometimes acted on the Chinese Stage. Galsworthy concludes his story with an event in which both the Capitalist and the workers suffer equally. As result they come to live harmoniously. Perhaps it reveals the British gift for compromise.

Since the outbreak of the war, there has been a marked absence of industrial disputes. A spirit of co-operation and accommodation is clearly evident in the relations between employers and employees. Such free co-operation between these two groups is a valuable contribution to the successful organization of Britain's industrial resources. It also helps to solve the problem of wages and special troubles resulting from war conditions.

Today the House of Commons and the Cabinet contain representatives of all classes and all the large political parties—employers as well as employees. Some at least of the Cabinet have risen from very humble beginnings.

Parliament speaks for the entire nation in war in a way in which it hardly ever speaks in peace. There is a saying about the British Parliament that it can do anything except make a man into a woman. The Session that lasted from November 1933 to November 1939 came in like a lamb and went out like a lion.

EXTENSIVE POWERS
Before the outbreak of the war, Parliament accepted conscription, prepared for civil defence and created a Ministry of Supply. When war came Parliament approved almost unanimously the Government's decision to fight. Moreover, it has given extensive powers to the Government to act as they think best in emergency. Yet it has not surrendered its voting powers. It retains the right to seek revisions of the regulations made under the Emergency Powers Act.

From the political and psychological point of view the British believe that the independence and legislative supremacy of Parliament are valuable contributions to success in war as in peace. It may be that the recent events have caused some doubts in your minds about the functions of the Parliament. You may feel inclined to ask why are there secret sessions? One was held just before Christmas last year and another has just been postponed. The secret session was arranged so that the whole course of the war might be studied.

It was held in secret because the matters discussed were of great importance to the enemy. There was no question of disagreement among the members of the Government, or anything of the kind to the people. To prevent valuable information leaking out to the enemy was in the interests of the State. It is unlikely that secret sessions will become common. There were only five during the last war.

It is, however, further proof of the flexibility of the British parliamentary system and the desire of the Government to conceal nothing from the representatives of the people. Such meetings are admitted to be exceptional, but they do not affect the established principles of open democratic rule. Moreover, the British public are quite conscious that the security of their political system is at stake.

WEAKNESS OF DEMOCRACY
The weakness of democracy as an instrument of war has been sadly illustrated in the history of the last few years. While the totalitarian States were arming, the democracies were arguing, debating quarrelling. They even prolonged their quarrels after the twelfth hour had struck. The world of democracy is, in fact, the world of peace and its peace-time virtues seem out of place on the

Two Chinese fitters, employed in the Naval Base, not only stole brass and other metal but were able to make several articles, including ash-trays, candle-sticks and weights, before they were caught.

Produced before Mr. J. G. Raypoort, in the Third Police Court, Singapore, Lai Too Weng (28) and Lee Song (24) the two fitters, both pleaded guilty when charged with theft of metal valued at \$15.

Court Inspector D. R. Cowie said that at 12.05 p.m. yesterday information was received that one of the fitters was manufacturing ash-trays and various other articles in the fitting room, and Lai Too Weng was caught in the act. A search was made and the other articles were discovered.

Lee Song was caught at 12.50 the same day.

They were each sentenced to two months' rigorous imprisonment.

QUEZON
BIRTHDAY
BALL AUG. 19

Secretary of Finance Manuel Roxas circulated all provincial and municipal treasurers requesting them to act as treasurers of the different committees to take charge of the anti-tuberculosis celebration which will be held Aug. 19 in honour of the 52nd birthday of President Quezon. The nation-wide affair is sponsored by the Philippine Tuberculosis Society.

As in previous years, John Canson, proprietor of Sta. Ana Cabaret, has offered the free use of his cabaret for the ball and pageant which will be held in Manila.

It is understood that extensive preparations are going on in Manila and the provinces. Proceeds from the celebration will be turned over to the Philippine Tuberculosis Society—(Manila Bulletin).

The Kwantung Education Department is planning to train 10,000 teachers for mass education work. Central News reports. They will be enlisted in 34 hsein in the province.

battle-field. So the democratic system must show its adaptability in time of war. If Hitler had dropped a few bombs on England at the beginning of the war it would have put a stop to all political quarrels, and petty grumbling. The whole nation would have been united at once.

The British people move slowly. They are not easily roused. But they are roused at last. In face of the totalitarian threat the Government now has the power to require all persons "to place themselves, their services and their property at the disposal of His Majesty." This is the method of counter-attack against the efforts of the dictators. It is in the nature of an antidote.

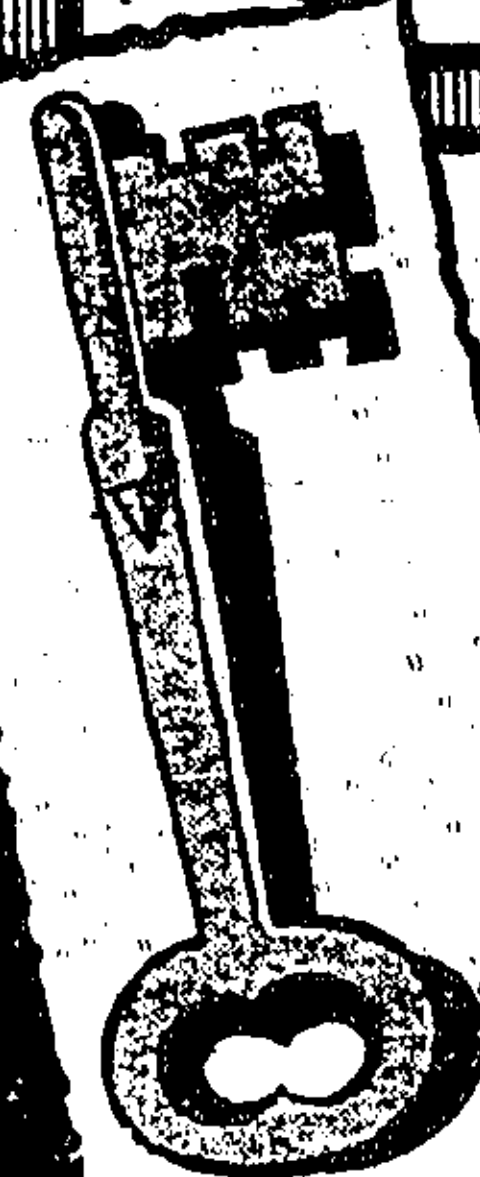

ENDURANCE COUNTS
The rule of dictatorship in some countries has taken years to establish. In Britain, in face of grave danger, it became law in one night. It is not essential for democracy to give up her principles and copy her enemies. For the time being Britain has put her traditional treasure in pawn. It will soon be redeemed after the war. It will, however, be costly for the interest will be heavy. All are called upon to make sacrifices. The British people to accept open-eyed, the responsibility of democratic citizenship. It is quite different from the blind obedience of the people of the totalitarian States.

In the long run endurance counts. The British may be slow to start, but they will stand the longest. Hitler may win battles but will lose the war. It is might against right. The British are free peoples.

It is the determination to safeguard their rights and their lives that will bring victory to their cause. The readiness with which all classes are sinking their personal interests for the common good is a measure of their unity. Their strength lies in this unity.

Nerves were in a
Terrible Way —
'ASPRO' a Surprise

1 Garden Street,
Middle Brighton, S.S.
15/12/32

Dear Sirs,
Last week I had 18 teeth out, and not being well my nerves were in a terrible way; in fact, I had to be taken home from the dentist. I went on for a couple of days in terrible pain with my head and eyes, due to my nerves, so I had to go to a doctor. On my way home I bought a packet of 'ASPRO'. I took three and laid down, and to my surprise I woke up feeling lovely. Now, if I feel a slight headache at all I fly to my 'ASPRO'. I think 'ASPRO' should be in every home. I could mention a few more facts where 'ASPRO' has done good in my home. Once tried, always used.

Yours faithfully,
(Sgd.) Mrs. H. VIVIAN

BIG DRIVE TO INCREASE
AUXILIARY POLICE

As part of the Scheme to provide service for men past military age who wish to make themselves useful in time of emergency, Government has in the last few weeks been intensifying the campaign for volunteer police reserves, says the Malaya Tribune.

Since the commencement of the drive, the force has been strengthened considerably and is now almost up to full strength. Further extension will in all probability be made in the near future to bring the force to full strength.

Quite recently the strength and training of the force and the possibility of its usefulness in time of emergency formed the subjects of questions by a member of the Straits Settlements (Singapore) Association.

The Tribune has been given to understand that the approved strength of the force has been fixed by the authorities at 120 men and ten officers. The strength of the force at the moment is 100 men and seven officers.

Increased on this fixed number may, of course, be made, but it is believed that this will only be brought about when the members of the force—most of whom have only been recruited recently—have completed their course of training.

Though men of military age are not prohibited from joining the volunteer police force, particular preference is given to those over that age limit. Preference is also given to men with previous experience in other police forces or in the Volunteers.

WOMAN CLAIMS
SHARE IN
MILLION DOLLAR
ESTATE

A civil action in which a Chinese married woman, Wee Boo Lat, is claiming a share as a beneficiary in the estate of the late Mr. Wee Siang Tat, came up for hearing in the High Court, Singapore, before Mr. Justice A. K. A. Beckett Terrell acting Chief Justice.

The plaintiff, who claims she was a daughter of the late Mr. Wee Siang Tat, alleges that her father died intestate leaving considerable property, the gross value of which was \$1,265,421 and that her mother, Ho Sok Choo Neo, took possession of this as administratrix of her father's estate.

She alleges that her mother, as administratrix of the estate, concealed the fact that she was a beneficiary of the estate. The defendants to the suit are Mr. John Laycock, Mr. Chua Tian Chong and Mr. On Keng San who are executors and trustees of the will of Ho Sok Choo Neo and who deny that the plaintiff was a real daughter of Wee Siang Tat and Ho Sok Choo Neo.

They maintain that she was adopted by the couple and that she is not entitled to any beneficial interest in the estate.

The plaintiff is represented by Mr. M. O. Johannes and Mr. H. R. Wilson; Mr. Roland Braddell is for the defendants; Mr. A. V. L. Davies holds a watching brief on behalf of Wee Eng Guan, the brother of the plaintiff.

NEW YORK COTTON: The market is steady on trade. An Far Eastern buying. There is some talk of the possibility that Japan may increase her purchases of cotton and other raw materials as protection against any possible American embargo. Textiles are active and steady.

NEW YORK RUBBER: Futures were in better demand, stimulated by the prospective heavy Government purchases through its prepared campaign.

CHICAGO WHEAT: The market was firm on reports of the Argentine prohibition of exports, while unfavourable foreign crop advices and the increasing premiums in Kansas City were additional stimulating influences.

REOPENING OF CANTON RIVER

Hitch Reported In Negotiations

A new hitch has arisen in the negotiations for the reopening of the Canton River to full trade, according to official sources yesterday morning.

The Japanese are said to insist for the reopening of the river, on a condition that the stevedores, who are to work on the ships at the Canton end, should belong to an approved association.

The British reaction is apparently that such a condition would mean that the Japanese would have an unfair monopoly or control of the stevedores who are picked by the Japanese and have Japanese foremen.

A PRECAUTION

It was stated that the Japanese had made this only as a reasonable precaution against smuggling if unregistered stevedores were to be employed.

Asked whether such an association, under the control of the Japanese, would not make it easier to call a strike against British ships, a Japanese official agreed on this point, but added that similar action could be taken regardless of the association.

The Japanese official further said that the stevedoring association was not meant to be established permanently and was only for the duration that Canton was being occupied and held by force.

Miss Li Po-luen Smashes National Record For 200 Metres Breast Stroke

Inclement weather marred otherwise excellent sport at the South China Bathing Club last night when the first of a series of triangular contests between the Chinese Y.M.C.A., Chinese Bathing Club and South China Athletic Association was held before a large crowd.

A feature of the meet was the outstanding performance by MISS LI PO-LUEN when she smashed the Chinese National record of 3 mins. 38 3/5 secs. established by Miss Chan Yuk-king in 1935 in the 200 metres breast stroke, by 6 seconds.

LAWN BOWLS NOTES

Continued From Page 2

Kowloon Tong will be at home to Civil Service Cricket Club and, in my opinion, are assured of easy victory.

Hongkong Football Club will be the guests of the Kowloon Cricket Club but will find the latter very strong opposition. I favour the cricketers to win.

THIRD DIVISION

Indian Recreation Club will probably face another defeat when they will be opposed to the Prison Officers' Club at Sookunpoo. They were beaten badly on June 15, when they visited Stanley.

A good match is promised at the Valley when Craigengower Cricket Club entertain Hongkong Electric Recreation Club. The Electric have a better combination and should manage to win.

Hongkong Football Club will be at home to Kowloon Football Club but will find the visitors a hard nut to crack and, in my opinion, will concede the two points.

Kowloon Bowling Green Club, playing at Austin Road, should have an easy time against Hongkong Cricket Club.

GEN. NISHIHARA IN TOKYO

Excellent Contact
With French
Authorities

TOKYO, July 31 (reuter)—General Nishihara, head of the Inspectorate, who has just returned to Tokyo, stated that he left Hanoi to submit an interim report to the Japanese Government regarding the work of the Japanese Inspectorate in French Indo-China.

War materials which had hitherto been sent to Chungking via the French Colony had been mostly by gasoline and motor trucks but traffic in these goods had now been completely suspended, he declared.

CHANGE OF GOVERNOR

Referring to the change of Governor-General of French Indo-China, he said that negotiations are being continued with the new Governor, Admiral Decoux, as before.

General Nishihara expressed his appreciation of the "excellent contact with the French authorities and the cordial reception extended to the Japanese Inspectorate." He said that his mission was doing its work smoothly.

VISA WOULD BE GRANTED

Duchess Of Windsor
Returning To U.S.

NEW YORK, July 31 (reuter)—Officials of the American Export Line stated that the Duchess of Windsor booked a passage on the United States liner Excelsior which is due to leave Lisbon on Thursday and to arrive in New York on August 9.

Meanwhile Mr. Sumner Welles told a press conference in Washington yesterday that if the Duke and Duchess applied for a visa to enter the United States it would be granted speedily.

NOT CONSIDERED

Questioned in regard to possible objections to the Duke and Duchess travelling on an American liner on the ground that it might make the trip liable to seizure by the Germans, Mr. Sumner Welles said that the phase of the matter had not yet been considered.

NEW RECORD IN BILLIARDS

MELBOURNE, July 31 (reuter)—Walter Lindrum established a world record under the new bank line rule, when he made a break of 3,381 in his billiard match against his brother, Fred Lindrum.
